

MPZ CAM LUBE

>>Description

MPZ Cam Lube is favored by professional mechanics for assembling valvetrain components. MPZ Cam Lube is a gelled version of MPZ Engine Assembly Lube featuring higher load carrying ability and extended lube film protection. Provides severe anti-wear, anti-friction and anti-scuff protection on cam lobes, lifters and other highly stressed valvetrain components. MPZ Cam Lube is completely oil soluble.

>>Features

- >Gelled version of MPZ Assembly Lube
- >Completely oil soluble
- >Increases protection during break-in
- >Reduces frictional values
- >Excellent adhesion properties to stay on and protect parts
- >Bright red color

>>Application

Recommended as a pre-lube and storage protectant for cam lobes, lifters, bearings and other highly stressed valvetrain components. Can also be used as an engine assembly lubricant for all types of internal engine components including rod bearings, main bearings, crank bearings, wrist pins, etc.
